# Expect additional meetings on defining the “Multi-TSG” XPs designed provide for a range of groups

- Team-wide input / requests are welcomed for:
  - Characterizing 2nd NBI – Energetic Particles TSG (Mario Podesta)
  - Bt / Ip scan – Transport TSG (Stan Kaye)
  - High non-inductive fraction – Advanced Scenarios (Stefan Gerhardt)
  - Steve Sabbagh has noted that 17 (or more?) XPs have requested non-resonant NTV braking – Steve Sabbagh and Mario Podesta will work together to coordinate

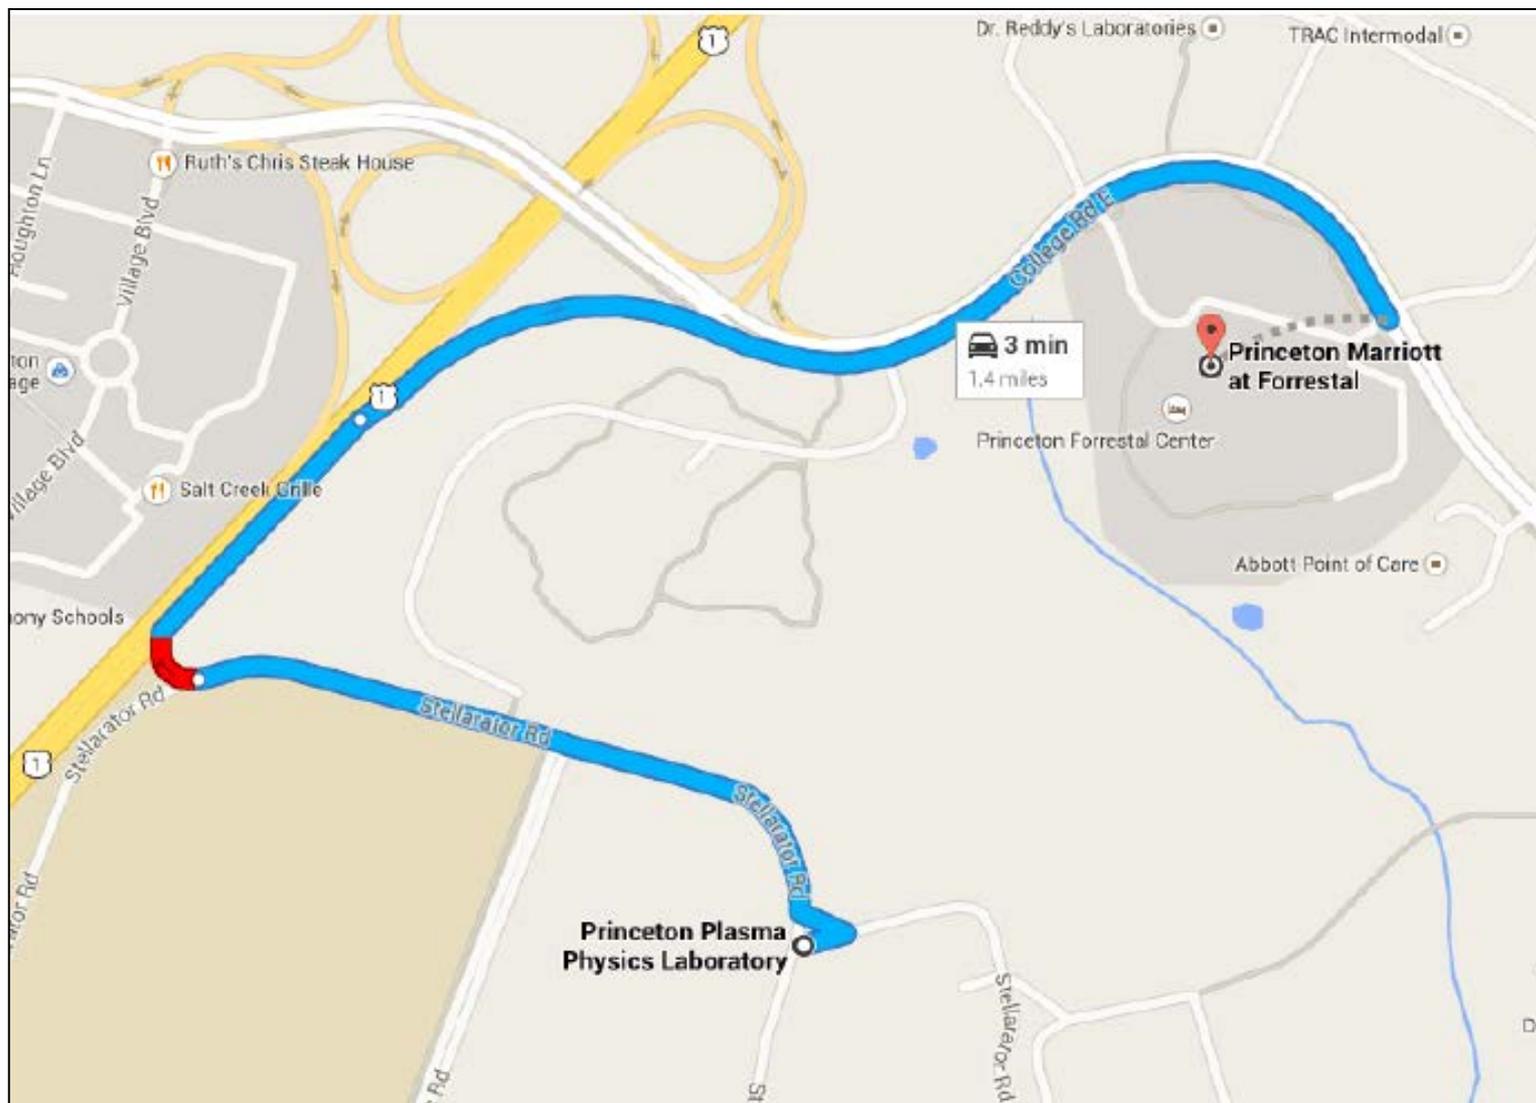

# We want your feedback on the Forum structure, process, logistics, website, etc...

- What worked well?
  - i.e. things we should keep doing
    - Example: Google XP form, PDF generator, file uploader and Dropbox download seemed to work reasonably well
- What didn't work so well?
  - Suggest improvements, additions, revisions
    - Example: need to improve/clarify XMP vs. XP vs. cross-cutting and enabling vs. dedicated XP
- E-mail me at: [jmenard@pppl.gov](mailto:jmenard@pppl.gov)
  - Or e-mail your local SG/TSG leader if you wish to remain anonymous / have them convey your comment

# Do you need a drink?

- Jack Berkery is organizing an impromptu “Forum Withdrawl Syndrome” (FWS) meeting at a nearby bar
- Date: Today/Friday
- Time: 5:30PM
- Event: Happy hour
- Location: Princeton Marriott at Forrestal

# Directions to Princeton Marriott at Forrestal

# NSTX Upgrade
