1: 00 P.M. - 6: 00 P.M. This session is a closed session. The ST Panel members only should use the same conference call information listed for the morning session, to participate remotely in this portion of the meeting.

We have arranged with AT&T to use the same dial in number (1-800-778-9947), the same host code (752295), and participants code (513647) for every meeting. The AT&T conference ID number for each meeting is: **302596461**.

I can be reached on the NSTX cell phone (see below) or leave a message on my voice mail (I'll be checking it regularly). Please contact me if you experience any problems with the conference call or the Internet setup.

If you are traveling to the lab to attend any or all of these meetings, please notify me at <mailto:jsavino@pppl.gov>. New security measures implemented at PPPL might delay your entrance into the lab. Please make sure you have a photo ID issued by a government agency, tell the guard upon arrival to the lab that you are attending the NSTX Meetings, and that Joanne Savino will be your host.

Thank you, <http://nstx.pppl.gov/>
