Warranties and Liability

The Manitoba HVDC Research Centre (hereinafter referred to as “the Centre”) reserves the right to make changes in specifications and other information contained in this publication without prior notice, and the reader should in all cases consult the Centre to determine whether any such changes have been made. This manual may not be reproduced and is intended for the exclusive use of the Centre’s customers.

The terms and conditions governing the licensing and use of the Centre’s PSCAD/EMTDC software and documentation consist solely of those set forth in the contracts between the Centre and its customers. No statement contained in this publication, including statements regarding capacity, suitability for use, or performance of products, shall be considered a warranty by the Centre for any purpose or give rise to any liability of the Centre.

In no event will the Centre be liable for any incidental, indirect, special, or consequential damages (including lost profits) arising out of or relating to this publication or the information contained in it, even if the Centre has been advised, knew, or should have known of the possibility of such damages.

The PSCAD/EMTDC software programs described in this document are copyrighted and are confidential information and proprietary products of the Centre. The copyright laws prohibit the copying of this manual or the PSCAD/EMTDC software programs without the written consent of the Centre, except in the normal use of the software or to make a backup copy. This exception does not allow a copy to be made for others. Copying, under the law, includes translating into another language or format.
