*Nonvoting, ex-officio member

Founding members with completed tenure:

Bill Nevins, Stewart Prager, Ron Stambaugh, Stewart Zweben

NSTX PAC Has Major Influence on Research Program

- Represents U.S. Fusion energy scientific leadership from laboratories, universities, and industry
- Involves ST research leadership in U.K. and Japan
- Reviews progress and provides senior-level advice on Research Program and Project priorities and schedule
- Provides high-level advice to ensure quality and integrity of the NSTX national research program
- Reports to PPPL Director
- PAC reports available at:
